

# The Cranberry Report

*Once again Cascaders enjoyed a great rally thanks to our hosts Tony and Sandy Lammi.*

Tony personally supplied chilled light cranberry juice, both red and white each day. It was enjoyed by all. Sandy put together the “goodie bags” with informative and interesting surprises. We all LIKED the Cranraisin packets.

Rally participants enjoyed the fine meals prepared by caterers that

Tony and Sandra had arranged. Saturday some Cascaders traveled by car or by the bus Tony had arranged, to Westport for the annual carving contest. The log carving was in full swing with hour and half contests. The work is really remarkable and the skill level high. Bears and eagles are popular choices but

some of the larger carvings were truly amazing. Virginia Paradis had her eye on a beautiful bench; don't know if she was able to convince Lawrie that their coach had the power to haul it home.

GMC motor home owners from the following states and provinces are eligible to join GMC Cascaders: Alaska, Alberta, British Columbia, Idaho, Montana, Oregon, Washington and Yukon Territory. Contact any officer for information.

True to the Cascader tradition most found a restaurant for lunch, though due to the crowds some of the service was s-l-o-w as Joanne Boyd laughingly assured us. When we returned, we learned the Park had an ice cream social, vanilla, chocolate and strawberry, one scoop each or your preference, felt like we were at International!

We were all pleased to learn Norma (Pearl) Westphal and Warren

Steinman are now Mr. & Mrs. Our congratulations and best wishes to you both. Warren has moved to Idaho and we will see them at future rallies as Warren is also the proud owner of a GMC coach. Some of us met Warren at the Land Yachts Harbor rally earlier this year in Olympia, WA.

# Just Keep Shoving. It Will Come Through!

That's what the drivers said as they received a warm welcome from our Caldwell host team led by Mack & Linda Kreizenbech.

The rally team members acquired a large Idaho logo bag and with the help of Bill & Betty Hubler and Warren and Nora Steinman, collected at least 30 items, including a nice special gift by the Steinmans in the form of a solar calculator, an aid to help us Cascaders figure our miles per gallon! The agenda was chock full of activities, starting with a delightful and thrilling show at dusk in the clear blue, warm evening sky above Caldwell Idaho.

The call went out to assemble at the west side of the Ambassador RV Resort where our eyes were trained to the northern sky, where with great fanfare and blazing floodlights we got to see a Turbine powered Dromader LLC dive from the sky and swoop to within a few feet of the field in the dark where the pilot, Gary Hubler, made the first of many passes flying the custom 750 horsepower turbine machine, designed and built by our own creative inventor, Bill Hubler. This custom crop dusting, Polish-built specialty plane is used to the night time hours, as that is when most crop dusting is done.

If you visit Caldwell, you're entering Hubler country, and will drive down Hubler Street and visit Hubler Field. The thrill for me was to get to see and meet the family of Bill & Betty Hubler in their native setting!

Little did we know that our Saturday morning trip to the Hubler airport would find Cascaders gathered around "Mariah"! No, it's not a song, but a sleek, high speed Formula One plane you normally get to see if you attend the Reno Air Show, or watch TV coverage of the Reno Air Races. Gary Hubler, Bill's son, has won the past four years of the Formula One Reno competition.

*Picture of goodie bag doesn't do it justice!*

He answered our many questions over the excitement generated by "Mariah".

Saturday morning had a busy schedule with Denny Allen chairing

the GMC Technical session, and the group got to review another Bill Hubler front end design, that brings the wheels of a GMC in line with the back wheels.

*Gary Hubler, ace pilot, sharing the Formula One lore.*

*Cascaders know how to enjoy their food!*

*Jefferson should have taken the picture, Dave!*

*George Baxter with Gary, just lusting to get in and go!*

*"Mariah", beauty in design & performance*

*Denny Allen thinking "I'm getting one of these Fran"!*

We were also pleased to get to know Alan Tolle who arrived with the latest update for the GMC, an aluminum radiator available through Motorhome Enhancements. Alan is the new President of the Western State club and both Alan and his wife Diana joined our rally and enjoyed a special trip out to Hubler airport on Sunday. Seems that Alan and Bill both sell airplane kits all over the world!

The book exchange, and craft event for the ladies found them working on striped cat tails and some innovative knitting tricks to help you keep your clothes from falling off! (When they are on a hanger) Now I know this is not a good description of what the ladies were up to, and I am depending on someone to help me do a better job describing just what you gals do in there!

Saturday afternoon found the group splitting up and heading to the Warhawk Museum and others took a tour of the St. Chapelle Winery. Not on the agenda was the group who, frankly, got lost but made the best of it by driving all over the countryside before finally getting to the Winery. Usually those things happen after you leave the winery, not before! The driver of the car I am told was TB.

All of the catered meals, Friday evening's Sirloin and Roast Turkey, and Saturday evening's Prime Rib or BBQ Chicken were first class meals, enjoyed by all who attended.

Saturday after dinner, the Cascaders had their business meeting. The first item on the agenda

was a report by the nomination committee chairperson Bob Dunlap. I am happy to report that Barbie Eberhart, who hails from Sheridan OR, is the new Cascader secretary, replacing Cass Jones, who has served our group with distinction for these many years. This rally included 10 coaches that had been away for about a month, traveled "thousands of miles" attending the GMC International Rally in Iowa, then moving on to the Western State rally and finally, after some visited Mt. Rushmore, ending up at our Cascader rally in Caldwell Idaho. Who said these GMC's are not reliable and tough!

Our next rally is a Wilson affair at Anacortes, WA. We expect to see many of our Canadian friends for our Christmas rally to be held December 2-4. Those coming south have an invitation from Dwayne Jacobson to stop by the Roadhouse Eatery and Bakery 1763 King George Highway, White Rock, BC. Ask for Dwayne or tell them you are a GMC'r and you'll get a 2 for 1.

*Great selection Mack & Linda. Thanks for the memories*

## **A Must Do ... Now!**

East Anglican Ambulance Service has launched a national "in case of emergency (ICE)" campaign with the support of Falklands war hero Simon Weston and in association with Vodafone's annual life savers award. The idea is that you store the word "ICE" in your mobile phone address book, and against it enter the number of the person you would want to be contacted "In Case of Emergency". In an emergency situation ambulance and hospital staff will then be able to quickly find out who your next of kin are and be able to contact them. It's so simple - everyone can do it. Please do. Please will you also forward this to everybody in your address book; it won't take too many forwards before everybody will know about this. It really could save your life and create peace of mind for your loved ones. For our Canadian chums 'mobile' is 'cell phone' in North American 'English'. And this message is now apparently going around the world so your Emergency Services should look for and recognize 'ICE' too.

## **July 29th, 2005: Gary Gibbs Has Left Us**

To our dear friends and Family: Gary passed away this morning. I think all of you know that we have been staying with Diane, Gary's sister and her husband in San Diego since the beginning of May. What an amazing gift for them to ask us to spend Gary's last days in their home. Nobody could have dreamed that we would be here three months. Most of his family and friends are in the area and we got to spend much precious time with them. Gary's battle with cancer was a crazy roller coaster, but in the end, he was at peace. Thank you to all of you for your cards, thoughts, prayers and support over the last year and a half.

*Love to you all, Gloria*

# Notes from the Great Wilson Minds

Visiting "Old Colony Museum" at Aurora, OR, a few miles down the road from Canby was an enlightening experience. They have a collection of old brass musical instruments, other town memorabilia, a few quilts (most on display elsewhere) and an interesting video of the town's origin. The town founder who arrived by wagon train with his followers had promised his son he would be in the first wagon leading the way. Unfortunately his

*A bit of Canby, OR History*

son aged 19 died of malaria a few days before departure. The father wanting to keep his promise had a

casket constructed with a sealed metal liner. His son's body was placed in there and immersed in whiskey; yes, whiskey! Embalming had yet to be discovered. Pictures show the wagon train's arrival with the casket in the lead wagon. The son was buried in Aurora but according to "local lore" the whiskey was drained and supposedly drunk and hence the term "rotgut whiskey" ?????

**New Members:** Cory and Mary Ritetan, Bob and Carolyn Shuey, Nick and Pete Nealis, Bud and Charlotte Lindsey.

**Visitors:** Allan and Diana Tolle, President of GMC Western States  
Approval of minutes from last meeting NA

### Open issues

We are still working on amending the Standing Rules. They will be published on the web site and in the newsletter when finished.

We will make revisions to the current Rally guide and Helen Hove has prepared helpful expense sheets for rally hosts to fill out.

### Treasurers Report Helen Hove:

There are 162 Members. \$5,269.56 in the treasury and \$1,000 out for Rally deposits.

### Second Vice President Larry

**Calhoun:** There were no known illnesses

**Wagon Master Terry Morris:** Next Rally Dec. 2-3-4 Christmas Rally Anacortes, WA.

**Western State Report:** Alan Tolle, President of Western State, spoke on how WS and the different clubs are coming together to plan rallies so that all can attend.

**International GMC Report:** President George Baxter noted the Rapid City Rally had 25 cancellations due to the gas prices but they still finished in the black. There were many seminars, you only had to choose.

We raffled off an exhaust system and a transmission among other things. We will try to time all conventions so we don't compete with other clubs. We want to augment each other. The next two conventions will be in the east.

**FMCA Report:** Ken Wilson: We are working on By-laws and Standard Rules and are attempting to work with FMCA regarding parking together.

**New business:** We need to form Committees for the 2007 Western States\Cascader Rally

## Nominees

Dear Bill,

Listed below were the nominees for the 2005-2006 Cascader term.

**President** Bill Guise

**2nd Vice President** Larry Calhoun

**Secretary** Barbie Eberhart

**Treasurer** Helen Hove

**Wagon Master** Terry Morris

**FMCA National Director** Ken Wilson

**FMCA National Director, Alternate** Walt Ovens

Bob Dunlap, Chairman, Nominating Committee, August 2005

This year's nomination committee members were Bob Dunlap, Carol Baxter & Linda Ireland. Bob Dunlap has completed two years on this committee and will now relax. Carol Baxter volunteered to serve this past year and has elected to resign. The Board will be looking for two volunteers to serve with Linda. Thank you to the entire team for a challenging task, your volunteer time is appreciated by all Cascaders.

By acclaim, Barbie Eberhart was elected to serve as our new secretary.

## Follow up on the GMC Barn Sale at Fry's

Dear Bill:

I am really remiss at not writing sooner to the Cascaders thanking all who came here for the sale on May 1. It was great - such a good turnout. Bob would have been amazed and pleased to see so many GMCs in our driveway; however, he probably wouldn't have sold one single thing! Ha!

I have an inventory of items still for sale, but not sure what to do with it. I am sure there are some things people would still have use for. Any suggestions? Is it too lengthy to list on our web site?

*Elaine*

Editor's Note: There are over 100 GMC items listed on the WEB site for sale that did not go at the barn sale. Check it out!
